

FleetCross Quick Reference Guide

Parts main screen displays part search results, including part numbers, manufacturers, descriptions, and catalog links. Filters, sorting options, and navigation to part details are available from this screen.

Enter search criteria in the search field. Use full or partial part number, manufacturer name, description, keyword, or any combination of these terms.

Manufacturer:
Displays the name of the part's manufacturer.

Description:
Provides a description of the listed part number.

Catalogs:
Indicates the number of references in the manufacturer's catalog.

Sort:
Set or change the default sort order of part results.

Hide:
Remove the part image column from the display.

Feedback:
Submit electronic forms for reporting missing or incorrect crosses and part numbers.

Underline indicates the active FleetCross module (e.g., Parts in this example).

The screenshot shows the FleetCross interface with a search bar containing "height control valve". The main content is a table of part results. A filter sidebar on the left allows filtering by Manufacturer, Manufacturer Type, and System. The table columns include IMAGE, PART NUMBER, CROSSES, MANUFACTURER, DESCRIPTION, CATALOGS, and VMRS. Callouts provide detailed explanations for these elements.

Access part details and related part cross-references by selecting a part from the Parts Results page.

Blue text indicates additional details are available. Click the text to display additional information.

Indicates number of references to the related part in the manufacturer's catalog.

Displays the number of cross references available for the listed part number. Click the part number to view the list of cross references and additional part details.

Filter search results by manufacturer, manufacturer type and/or system to quickly refine search results.

FleetCross Quick Reference Guide

Part Details screen displays additional details about the part select & all associated part cross-reference details.

Return to the original list of Part Results by clicking "Back to Results," or use the search box to perform a new search.

Part Details [Add To List](#)

Part Number: HDR57977000

Manufacturer: VOLVO TRUCKS NORTH AMERICA INC. (VNA)

Description: VALVE ASSY, HEIGHT CONTROL

Catalogs: 0

System: SUSPENSION (016)

Assembly: LIFTABLE AIR SUSPENSION (016-014)

Component: HEIGHT CONTROL VALVE - LIFTABLE AIR SUSPENSION (016-014-017)

FleetCross Quick Reference Guide

Catalog results displays links to catalog references based on the entered search term. Each link opens the exact page in the catalog where the term is referenced.

Enter search criteria in the search field. Use full or partial part number, manufacturer name, description, keyword, or any combination of these terms.

Manufacturer:
Displays the manufacturer of the catalog.

Description:
Provides a brief description from the catalog page for quick review, allowing confirmation of relevance without clicking the catalog link.

The screenshot shows the FleetCross search interface. At the top, the MOTOR logo and 'FleetCross' are visible. A search bar contains the text 'height control valve'. Below the search bar, there are navigation icons for Equipment, Parts, Catalogs, Labor, and Service. The main content area displays 'Catalog Results (1000 of 2464)'. A filter sidebar on the left allows filtering by Manufacturer (AIR SOURCE OF MEI CORPORATION, ALLIANCE TRUCK PARTS, ALLSTATE PETERBILT GROUP) and Catalog.
