

FleetCross Quick Reference Guide

Parts main screen displays part search results, including part numbers, manufacturers, descriptions, and catalog links. Filters, sorting options, and navigation to part details are available from this screen.

Enter search criteria in the search field. Use full or partial part number, manufacturer name, description, keyword, or any combination of these terms.

Manufacturer:
Displays the name of the part's manufacturer.

Description:
Provides a description of the listed part number.

Catalogs:
Indicates the number of references in the manufacturer's catalog.

Sort:
Set or change the default sort order of part results.

Hide:
Remove the part image column from the display.

Feedback:
Submit electronic forms for reporting missing or incorrect crosses and part numbers.

Underline indicates the active FleetCross module (e.g., Parts in this example).

The screenshot shows the MOTOR FleetCross interface. At the top is a blue header with the MOTOR logo and 'FleetCross' text. Below the header is a search bar containing 'height control valve'. To the right of the search bar are navigation icons for Equipment, Parts (underlined), Catalogs, Labor, and Service. Below the navigation icons are links for Sort, Hide, and Feedback. The main content area is titled 'Part Results (1000 of 6354)'. On the left is a 'Filter' sidebar with sections for Manufacturer (AC DELCO INC, AIR-WEIGH, ALLIANCE TRUCK PARTS), Manufacturer Type, and System (AIR CONDITIONING, HEATING AND VENTILATING SYSTEM, AIR INTAKE SYSTEM, AUTOMATIC/MANUAL CHASSIS LUBRICATOR, AXLES - DRIVEN, REAR, AXLES - FRONT STEERING, AXLES - REAR, BRAKES, BUCKETS, BUS BODY, CAB AND SHEET METAL, CARGO HANDLING, RESTRAINTS, AND LIFT SYSTEMS, CHARGING SYSTEM, COOLING SYSTEM, CRANKING SYSTEM, EXHAUST SYSTEM). The main table has columns: IMAGE, PART NUMBER, CROSSES, MANUFACTURER, DESCRIPTION, CATALOGS, and VMRS. The table lists various parts related to height control valves from manufacturers like LINK MANUFACTURING, LTD., HADLEY PRODUCTS, HD PLUS, VOLVO TRUCKS NORTH AMERICA, INC., MACK TRUCKS, INC., FREIGHTLINER CORPORATION, HALDEX, and PACCAR PARTS. Blue text in the MANUFACTURER, DESCRIPTION, and CATALOGS columns indicates additional details are available. Arrows point from callout boxes to specific elements: the search bar, the 'Parts' navigation link, the 'Filter' sidebar, the 'Part Results' title, the 'PART NUMBER' column, the 'CROSSES' column, the 'MANUFACTURER' column, the 'DESCRIPTION' column, the 'CATALOGS' column, and the 'Feedback' link.

Access part details and related part cross-references by selecting a part from the Parts Results page.

Blue text indicates additional details are available. Click the text to display additional information.

Indicates number of references to the related part in the manufacturer's catalog.

Filter search results by Manufacturer, Manufacturer Type and/or System to quickly refine search results.

Displays the number of cross references available for the listed part number. Click the part number to view the list of cross references and additional part details.

FleetCross Quick Reference Guide

Part Details screen displays additional details about the part selected and all associated part cross-reference details.

Return to the original list of Part Results by clicking “Back to Results,” or use the search box to perform a new search.

Part Details

Part Number: HDR57977000

Manufacturer: VOLVO TRUCKS NORTH AMERICA, INC. (VOLVIA)

Description: VALVE ASSY, HEIGHT CONTROL

Catalogs: 0

Crosses (15)

System: SUSPENSION (016)

Assembly: LIFTABLE AIR SUSPENSION (016-014)

Component: HEIGHT CONTROL VALVE - LIFTABLE AIR SUSPENSION (016-014-017)

PART NUMBER	CROSSES	MANUFACTURER	DESCRIPTION	CATALOGS	VMRS

FleetCross Quick Reference Guide

Catalog results displays links to catalog references based on the entered search term. Each link opens the exact page in the catalog where the term is referenced.

Enter search criteria in the search field. Use full or partial part number, manufacturer name, description, keyword, or any combination of these terms.

Manufacturer:

Displays the manufacturer of the catalog.

Description:

Provides a brief description from the catalog page for quick review, allowing confirmation of relevance without clicking the catalog link.
